Dear Sir or Madam:

I have received and reviewed the candidate survey you sent me. Some of the questions are more difficult than a yes or no, or they are phrased in a way that my subsequent answer would not capture my intent. I realize that you have many candidates whom you are analyzing, and that it is probably not practical to allow each of us to respond individually. However, I feel that I could better convey my position by the following statement.

I am Pro-Life. I seek an end to what our culture seems to tolerate: carte blanche abortions. I believe there are limited circumstances in which abortions should remain legal (e.g. urgency of mother's health, rape, incest). I support efforts to reverse Roe v. Wade, and I support efforts to facilitate adoption. I oppose tax payer funding for abortions, abortion encouragement in schools, and underlying efforts to advance the Pro-Choice movement. And, I support changes to how Oklahoma's Supreme Court members are chosen.

Sincerely submitted,

A handwritten signature in black ink, appearing to read 'W. Joe Newhouse', with a long horizontal flourish extending to the right.
