David --

After receiving several emails from concerned individuals, I felt it was necessary to send this email out ensuring you that *we take your digital privacy seriously.*

You may have recently received an email asking you to take part in a survey. The email suggests that, if you are receiving it, you were a Delegate at the 2021 **OKGOP** State Convention.

The delegate list and it's information are considered **Proprietary Information** by the **OKGOP** and has not and will not be disclosed in any manner to any third-party.

Our State Chairman has made it clear - if we keep looking backwards at our failures, it only provides an opportunity for division. We must use the lessons of our past as stepping stones towards a better tomorrow if we want to stand united as the Republican Party.

While we value everyone's input, your personal privacy is our **number one priority.**

Finally, I want to stress the importance of only clicking on links within emails from people you know. Here is a direct link to tips on clicking links in emails:

<https://tiptopsecurity.com/the-truth-about-clicking-links-in-email-and-what-to-do-instead/>

Alternatively, and to avoid the irony of clicking the link in this email, visit your favorite search engine and search for tips on email security.

If you have any questions, comments or concerns, please reach out to us!

Again, we value your privacy.
